The International Journal of Research and Review (TIJRR) is an international refereed and abstracted journal that publish empirical reports in the various fields of arts, sciences, education, psychology, nursing, social consequences of computer science, and business. Contributors from different institutions are welcome to submit their manuscripts for review and publication on-line that is relevant and significant in the various fields. The International Journal of Research and Review publishes articles and studies on-line twice a year.

Submission Guidelines

The empirical reports featured in the TIJRR are diverse considering the varied fields it can accommodate. The types of empirical reports include:

1. Research Article – ranges from basic and applied research empirical studies employing complex methodologies such as experimentation, survey, evaluation etc. using qualitative or quantitative studies.
2. Literature Review and Metanalysis Studies – synthesis of reviews from journals are viable in this category.
3. Commentary article on theories and models – Issues on previous theories and models are acceptable.
4. Business and financial documentations – reports on institutional strategies, evaluation, and documentation of business practice.

Articles are submitted to the editor at tijrr@yahoo.com. A cover letter indicating contact information of the author(s) is submitted together with the manuscript in word format.

Manuscript Preparation

Submitted manuscript should be typed single spaced. Consult the "Publication Manual of the APA" (latest editions) for detailed guidelines in writing and formatting the manuscript.
